IICRC S520 2nd Edition - Standard and Reference Guide for Professional Mold Remediation

In September 2008 the first American National Standard for mold remediation was approved by ANSI: *IICRC S520 2nd edition, Standard and Reference Guide for Professional Mold Remediation*. Highlights of the new edition include a 145 page reference guide; 28 page glossary of terms; improved indexing; new sections and re-designed chapters. This consensus-based, industry standard covers all aspects of mold remediation, from pre-inspection to remediation to post-remediation verification. It is a “must have” document for anyone involved in the assessment or remediation of microbial contamination, or anyone responsible for managing healthy indoor environments.

This publication is available at a cost of \$115 to IAQA members. Others may purchase the document from IAQA at a cost of \$130 USD. All payments must be in U.S. dollars. Books are shipped via UPS ground within 2 weeks of receipt of this Order Form (note: S520 will be available for shipping by November 15, 2008). Cost *includes* shipping and handling within the U.S. For orders from Canada, please add \$7 for shipping. For orders outside of North America, please add \$15 for shipping.
